## ABOUT US

PackSense is proud to supply both locally and globally due to its strategically positioned London headquarters, Asian manufacturers, and Peterborough distribution centre.

Our great supply chain management has resulted in a solid connection with all of our clients and a positive reputation. Our enthusiastic corporate culture, can-do attitude, and high product quality have contributed to our success.

At all times, customer satisfaction and fulfilment are our top priorities. We strive to meet demand by offering the widest variety of products to meet all client requirements and budgets, enabling you to make an informed decision based on your business model.

Manufacturing a broad variety of new products at once highlights our efficiency and faith in meeting deadlines. To ensure the highest standards of quality, we are starting great effort to enhance our quality control procedures. Inferior goods will be eliminated by a rigorous selection procedure. Due to health and safety regulations, we do not carry anything below a specific grade.

Environmentally responsible growth and sustainability have always been our core objectives. We devote a significant amount of time and resources in securing renewable materials and developing innovative products to minimise waste and maximise effects.

This brochure details our current range of products and services. For more information, help or advice, contact us on

# SOUP BOWLS

The paper soup bowls are ideal for both hot and cold soup or dishes with sauces as they are leak-proof. These bowls are printable and made of SFI-certified paper, making them ideal for personalising and branding.

These bowls are widely used to pack rice, pasta, ramen, and udon noodles due to the lower angle design of the inclination and greater diameter.
